**SOLARITY CU SELECTS CU SERVICE NETWORK AS OUTSOURCED PARTNER**

**Lakewood, Colo. (September 4, 2018)** –Solarity Credit Union, a \$1.2B institution based in Yakima, Washington, has selected CU Service Network as their outsourced compliance provider. The compliance service has expanded rapidly since launching last year, and with the addition of Solarity CU, its footprint stretches from coast to coast.

“They provide a knowledgeable resource for our marketing team at an affordable price,” MaryAbigail Dills, VP of Marketing for Solarity CU, commented on why her credit union selected CU Service Network’s Compliance solution for their marketing compliance needs. “This allows us to focus on making an impact on our strategic goals while having the support to ensure we are aligned with regulatory requirements.”

The marketing compliance package is one of CU Service Network’s most popular options. Credit unions have found it difficult to obtain assistance for their marketing endeavors without having to purchase a bulk compliance package – which makes the product’s structure unique and appealing.
